

### GRADE 3

*We had a great time making paper planes and having a competition for the Royal Children's Hospital. We also loved being in our PJ's for the day! The Junior School Council thought it was a great success.*

**Carnevale was a great day. We dressed up, had a parade, then did cross-age activities for the whole morning!**

Sovereign Hill Camp was the best camp ever. It was our first camp. We went with the grade 4's, 5's and 6's. We had the best time dressing up and living like we were from the goldfields.

Kate and Jaxon performing at the Panton Hill Hotel. They were a hit.

The choir sounded fabulous at the Wattle Festival... Well done to all the grade 3's involved.

Illustrator Ben Woods visited and taught us how to draw cartoons. He also showed us little tricks, such as how to draw hands on people, which is always very tricky to do.

We've had a lot of fun and learnt a lot of things when we've completed our science experiments on Heat.

This experiment showed us that we can't rely on our hands to tell the temperature of water.

This caused a lot of discussion!

In Cyber Safety Week, we made posters showing ways we can stay safe when on the internet. The biggest lesson we discussed was that we never ever know who we are actually talking to, unless we already know them.
